EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The following changes have been made in the subject of the application to put the claims in a condition for allowance.

Authorization for this examiner's amendment was given in a telephone interview with Attorney Robert Crawford on 5/11/2008.

- In claim 1:

Line 11, inserted after "frequency signal" with --provided by a logic circuit--.

REASONS FOR ALLOWANCE

The following is an Examiner's Statement of Reasons for Allowance:

The applicant's amendment filed 2/29/2008 overcomes the technical deficiencies and the prior art rejection. Claims 1-7, 9-10 and 12-17 are allowed because the prior art of record fails to suggest "the reference frequency signal provided by a logic circuit" as combined in claims 1 and 16, and "wherein the integrator has a transconductance that can be tuned by varying an input clock frequency of a clock signal while keeping a threshold voltage being applied to an input of the voltage comparator and a DC voltage being applied to an input of the integrator unchanged" as combined in claim 17. In particular, the phase detector (30) in Figure 10 of Tamba (US

5,594,383) does not compare the reference frequency signal provided by a logic circuit with the output frequency signal” as claimed.

CONCLUSION

Any comments considered necessarily by applicant must be submitted no later than the payment of the Issue Fee and, to avoid processing delays, should preferably accompany the Issue Fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to DINH T. LE whose telephone number is (571) 272-1745. The examiner can normally be reached on Monday-Friday (8AM-7PM).

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Drew N. Richards, can be reached at (571) 272-1736.
